

# PUBLIC LEADER

MAYSVILLE REPUBLICAN.

SECOND YEAR.

MAYSVILLE, KY., THURSDAY, OCTOBER 5, 1893.

ONE CENT.

Mr. Horace January is at the World's Fair.

George Rosser of The Bulletin is at the Fair.

Miss Ida Marshall has gone to Cane Springs, where she will attend school.

James Barbour, who has been employed at the World's Fair, has returned home.

Mrs. Walter H. Brooks and three children of Danville, Va., are the guests of her parents, Professor and Mrs. G. W. Blatterman.

Miss Paul Miller of Lebanon, who has been on a visit of several weeks to Mr. and Mrs. George H. Martin, has returned home.

There is a movement on foot, which promises to terminate in success, for the consolidation of the two Masonic Lodges in this city under the name of Mayville Lodge No. 1, for which a charter was issued many years ago.

Fon a lame back or for a pain in the side or chest, try saturating a piece of flannel with Chamberlain's Pain Balm and binding it onto the affected parts. This treatment will cure any ordinary case in one or two days. Pain Balm also cures rheumatism. Fifty-cent bottles for sale by Power & Reynolds.

It takes two columns of The M. Starting Sentinel-Democrat in which to publish the bare announcements of all the candidates for county officers. The same paper contains the offer of a reward of \$20 by Adam Hahn for the name of the party or parties who at night, with their hands, cards announcing his candidacy for Mayor.

Miss Lucy Enghel, sister of Mrs. George H. Martin of this city and a young lady who gained many friends while on a visit to her sister last summer, was married to Lawrence H. Ford at her home in Lebanon. After the ceremony they left for the World's Fair and other points of note. Her many friends in this city send congratulations.

This friends of R. P. Jenkins and Miss Sallie Porrie are invited to their wedding, which will be celebrated at the M. Church, South, at 3:30 p. m. on the 14th. No cards. Mr. Jenkins has been long connected with the State National Bank, and his bride-elect is one of Mayville's fairest daughters. Their league of friends join The Leader in antinuptial good wishes.

GEORGE R. GILL's fierce and bitter denunciation of the M. Starting Sentinel-Democrat was fully appreciated by all who heard it, and they were many. It is fast coming to the idea that the financial interests of the county should be entrusted to a Board of Commissioners, as in the case in Greenup and Boyd and other counties in the state, and not left to the irresponsible and irresponsible M. County Court of Claims.

The weather bureau records for the month of October for twenty years past show that the mean temperature for the month is 52 degrees; the warmest October was in 1871 with an average of 52 degrees, and the coldest temperature was on October 31 and 5th, 1884, and the lowest 26 on October 31st, 1887. The average rainfall for the month was 2.75 inches, the greatest precipitation being 8.29 inches in 1884, and the least 0.4 of an inch in 1892. The greatest amount in any twenty-four consecutive hours was 3.04 inches on October 28th and 29th, 1885.

NASHVILLE, Tenn., March 6th, 1893.—The Spokan Medicine Co., Nashville, Tenn., has been ordered by a Board of Commissioners, as in the case in Greenup and Boyd and other counties in the state, and not left to the irresponsible and irresponsible M. County Court of Claims.

THE LEADER'S WEATHER SIGNALS.

BOX KESTERS are now due at the Post office.

This is the day the Total Abstinence Society has its Field day at the Fair-Grounds.

HON. THOMAS H. PANTHER has introduced a bill to remove the charges of desertion against Martin Lunford.

You are invited to call and see the display of French Millinery and Novelties at the Bee Hive. Grand Opening to-day, tomorrow and Saturday.

EX-CHIEF CLERK BENJAMIN D. PARRY of the County of this city were in Kipps, Friday on business connected with the will of the late Mrs. Mattie Schuler.

CAPTAIN M. C. HUTCHINS of this city is spoken of as a probable candidate for Senator from this District. The Captain is a hustler, and if he consents to run he will keep the mosquitoes of his opponents.

There is a movement on foot, which promises to terminate in success, for the consolidation of the two Masonic Lodges in this city under the name of Mayville Lodge No. 1, for which a charter was issued many years ago.

Fon a lame back or for a pain in the side or chest, try saturating a piece of flannel with Chamberlain's Pain Balm and binding it onto the affected parts. TO-DAY and to-morrow Mrs. L. V. Davis will exhibit the finest things in Millinery.

The Fleming County Grand Jury has completed its labors, having returned twenty-five indictments.

FRANK FELTHAUS and Miss Alice Maud Carter of this county were married at the Clerk's Office Tuesday by Judge Foster.

At a meeting of the Kentucky Association of \$10000 brothers' state was arranged for a trial of 1894, to be held in the spring of 1894.

EVEN if you have no intention of purchasing, come anyhow and see the display of Fashionable Millinery at the Bee Hive. Opening to-day, tomorrow and Saturday.

ELMER FAY, a small boy, was walking up East Third street the other evening, carrying a coal can. The can came in contact with a live wire hanging from a pole, and was thrown to the middle of the street, but was not injured.

The County Court of Claims, in session yesterday, received and passed the costs of the local option election held last Friday. The Magistrate thought the county ought to pay for its own fun, the county having no vote in it.

The Clark County National Bank, one of the oldest and most substantial institutions of the kind in Central Kentucky, has increased its circulation to \$250,000. It had previously been contracted to \$150,000, the lowest limit it owed by law.

The following patients have been granted Kentuckyans: John A. Haight, Newport, game apparatus; John R. Riddle, Morehead, game apparatus; Oliver P. Schriver, Newport, game apparatus; and others.

CONORR J. COWEN yesterday held an inquest on the body of Charles Hill, who died Tuesday from the injuries he received at the Water Works Station, and from the body of Dr. Johnson, who died of death from accident, stationing to blame on Superintendent Schaefer.

ROCHE OSBORNE, who lives on the Hill farm West of the city, was thrown from a car yesterday evening while returning from the city to his home, receiving several bruises and cuts about his head and body. Dr. Johnson was summoned and dressed the wounds.

The Huntley-Parley Company played "Hunted Down" at the Opera-house last night to a good sized audience. The company is a strong one and is giving satisfactory results. The troupe is composed of the "L'Artiste 47." Prices 10c, 25c and 50c.

The case against the Chesapeake and Ohio Railroad Company at Covington for the alleged violation of the railroad laws of Kentucky by building up and occupying it was tried in the Circuit Court, and the jury brought in a verdict finding the company guilty. The court and spectators were astounded, but the people are wishing that the occupancy of Thirteenth street by the company could be passed upon by the same jury.

THREASHER HALE has made out more than 800,000 worth of checks, payable at the different banks in which he has the state funds deposited, and payable to the County Superintendents of Schools. The latter will out of these checks, pay the teachers in the county, and the County and State Superintendents will be paid on Saturday, October 14th. It will require \$800,000 to pay all the Superintendents of the state, but the reason checks have not been made out for all is because a number of Superintendents have not properly qualified with bond, etc.

Winter Opening of Millinery To-day at Mrs. L. V. Davis's, Zweigert's, Clark, Second street.

WEEKLY CROP BULLETIN.

Condition of Small Crops Throughout Kentucky to Date.

The temperature during the past week was about normal. The first part of the week was quite cool and light frosts were quite general on the 28th and 29th. Very little damage done, however, as in the Northern and Central counties, where the frosts were most severe, all the tobacco had been saved.

The rainfall for the week was slightly in excess of the normal. It occurred mostly during the latter part of the week and at the date of the report is still raining.

Most tobacco in the North and Central counties is about all housed. Considerable of the late crop in the Southern counties is not yet matured and is growing finely. In a week or ten days the entire crop will have been cut. Dry weather is now required to ripen the remainder.

There will be a shortage in the yield of both tobacco and corn, but not so great as was expected. The corn crop is not so good as last year, but the tobacco crop is better.

Pastures are much improved and grasses are growing rapidly, and the stock will be in good condition by the beginning of the winter.

Following and the seeding of timothy and wheat has been rapidly carried on. Some wheat is already up. The acreage in wheat was quite cool and light frosts were quite general on the 28th and 29th. Very little damage done, however, as in the Northern and Central counties, where the frosts were most severe, all the tobacco had been saved.

The rainfall for the week was slightly in excess of the normal. It occurred mostly during the latter part of the week and at the date of the report is still raining.
